Making the link: Retailer ↔ Smallholder

- **Market transformation to 100% sustainable palm implies smallholder inclusion.**
- **Challenge: Complex supply chain between retailer and smallholder.**

Three pillars of ALDI's Smallholder Strategy

- I. **I.S. Credits**
- II. **Engagement in working groups**
- III. **Engagement on the ground**

Why I.S. Credits?

- Remote smallholder plantations without certified mills nearby.
- Valuing of high administrative and financial burden for certification.
- Direct investment in the growing region.
- Support of independence of I.S.
- Support of continuous work on RSPO compliance of I.S.
